Dear Neighbour,

There are TWO elections on Thursday - the General Election AND an election for two Borough Councillors to represent our area. I'm writing to ask for your support for myself and Noel Delaney.

WHY VOTE FOR STEVE AND NOEL??

- * Both of us are local
- * Both of us understand the issues in the area
- * We will hold REGULAR SURGERIES
- * We will produce REGULAR NEWSLETTERS
- * We are EASY TO CONTACT
- * We will STAND UP FOR EVERYONE in Scott Ward

STEVE AND NOEL - YOUR LOCAL CANDIDATES

Noel and I both live in Ormskirk - Noel at Bath Springs Court and myself on High Lane at the end of County Road. We both believe that it is vital that local Councillors live in or as close as possible to the area they represent.

My children attend St Annes Primary and Moorgate Nursery, and my wife is a governor at Moorgate. Noel has lived in Ormskirk for 40 years and is well known across the town.

We both want the very best for our town and are honoured to be standing as the Labour candidates in this election.

Our part of Ormskirk has its own unique problems which we believe the Council has failed to sort out.

HOUSING

While it gets ever more difficult to buy a house in Ormskirk, the Council has just arranged for expensive unaffordable houses to be built on the current Council Offices site. Ignoring the concerns from local families for more affordable housing.

Indeed, West Lancashire has one of the worst records in the country for lack of affordable housing.

And, there's little hope if you want to get a Council home in Ormskirk. The numbers have been left to diminish and the Council has a massive waiting list for people who grew up here who want to stay in the town.

If elected we would:

→ Press the Council to protect affordable housing by restricting landlords from converting houses into multi-occupancy flats.

→ Insist that the Council sticks to its own policy of new home developments having affordable homes.

→ Urge the Council to investigate all methods available to build new Council homes.

TRANSPORT & TRAFFIC:

I live on High Lane, just opposite Burscough Road and am concerned about the speed of traffic and the number of lorries on our roads - just as it affects people across the ward.

There are many who suffer from speeding and inconsiderate driving along Burscough Rd, Green Lane, Yew Tree Road, County Road and around Marians Drive / Heskin Lane.

The ASDA development at Hatterskeys would only make things worse.

If elected we would:

- ✓ Press for publication of the County Council's traffic survey and demand action on our over-stretched roads
- ✓ Urge the Council to introduce free concessionary travel for pensioners - denied by West Lancs Conservatives.
- ✓ Support the opening up of the 'Burscough Curves' which would transform how we could use our train station.

STEVE & NOEL ALSO PLEDGE TO:

- * Work with & support our Police Community Support Officers to tackle Anti-Social Behaviour.
- * Work with the University, Police and Council officers to reduce the impact of Student housing in parts of the ward.
- * Seek the establishment of a Parish or Town Council for Ormskirk: giving us all a stronger voice in decisions that affect the town.

Our PROMISE to keep in touch.

In Scott ward none of our Conservative councillors hold surgeries, nor do they produce regular newsletters about what they're doing on our behalf.

Noel and I promise that, if elected, we will hold regular surgeries, with notices in our regular newsletters, notice boards, our website and the local press.

We also will hold regular 'street surgeries' - knocking on doors through the year and giving you the chance to talk to us when it's not an election.

I believe that we can make a real difference for Ormskirk at this local election.

I hope that you can support us both on Thursday.

Steve 😊

P.S. I hope you don't mind the handwritten leaflet

P.P.S. Please don't forget to vote on Thursday!
